11:00 CEST /
10:00 BST

The AURORA Alliance has the exchange of knowledge, experiences and cooperation as its primary purpose. This one hour, informal *'In conversation with'* style session – the first of a quarterly series throughout 2023 and beyond – is aimed at all interested AURORA colleagues within Central Administration / Research Offices / Technology Transfer Offices (TTOs). It will include a Q&A.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101035804
